ADDED BENEFITS FOR EXNING

I also take around 150 emails a month many of which need replying to & 5 on-going issue with residents for FHDC I am dealing with which are private and confidential.

Letters conversations and emails of any note:

I have had 42 requests from citizens via Facebook requesting a safety review of the crossing.

Requests to Parish Council

Myself and Cllr Burton have observed the dispersal system of the public inside and at the school gate the and consider it perfectly safe. This is not a school matter. The issue is the crossing itself, which could be made safer. However as we are not experts we therefore we ask the Parish to consider referring this to SCC who are.

**The contents of the meeting are confidential district level at this stage, I will release more information to the parish council when I able.*
