

ACCESSIBILITY STATEMENT FOR THE EXNING PARISH COUNCIL WEBSITE

Introduction

This accessibility statement applies to Exning Parish Council [www.exning-pc.gov.uk]; the website owned and operated by Exning Parish Council. The Parish Council would like as many people as possible to be able to use the website.

How accessible this website is

This website has been checked for accessibility on the basis of the Basic Checks contained within the Government guidance 'Doing a basic accessibility check if you cannot do a detailed one' as published in August 2019.

This followed a decision by Exning Parish Council in September 2020 that a Detailed Check against WCAG 2.1 would represent a "disproportionate burden" in terms of the Parish Council's size, resources and skill level, and the likely cost and impact on the organisation that a Detailed Check would entail set against the benefit which would be obtained for disabled users. This decision also considered the fact that the Parish Council does not provide services specifically aimed at people likely to have a disability, and that information could be provided in different forms if specifically requested by any disabled users.
